A Message from the Principal

Columbus Signature Academy benefits from being a small school where real connections among students and staff can be made and sustained. The sense of connection and belonging that students feel is but one of many attributes of our small school culture. Strong relationships develop among all the people involved on our campus.

Research indicates that parent participation at the school site can have a significant influence on student achievement. Research also shows that the level of parent involvement in middle schools and high schools typically declines as students obtain greater autonomy and more responsibilities. At Columbus Signature Academy, we believe it is imperative that we recruit and actively involve parents in the maintenance and continual improvement of Columbus Signature Academy.

The strength of the New Tech model comes from dedicated staff, parents and students, who have committed themselves to creating a world-class learning environment. This handbook is dedicated to improve school/family communication. Please use the handbook as a constant resource providing insights to our unique learning environment.

We are glad that you are part of the Columbus Signature Academy community! Please don’t hesitate to call if you have any questions/concerns regarding our program.

Literacy Statement
Given the pivotal role secondary schools play in developing the intellectual capital for our country’s future, it is imperative that time and resources be directed to teaching literacy to all of our students. In an economy heavily influenced by computerization, the workers who are the most successful are those who can engage in "expert thinking" (i.e., identifying and solving unchartered problems for which there are no rule-based solutions) and "complex communications" (i.e., interacting with others to acquire or interpret information, to explain it, or to persuade others of its implications for action). To perform effectively in these two domains, students must demonstrate a command of critical information in an area along with an understanding of how the information is linked together and how things work. These relationships allow a person to generalize from specific cases to classes of problems - a vital skill. These trends have very clear implications for how students spend their time in our secondary schools: They need to be taking rigorous classes that prepare them to enter into and successfully compete in this new environment.

School History
Columbus Signature Academy New Tech Campus is a Bartholomew Consolidated School Corporation Magnet Program dedicated to educational excellence. Established in 2008, this four-year high school opened with the help and support of local business partners and post-secondary institutions. Columbus Signature Academy (CSA) is the first in the nation to establish a K-12 program based on the New Technology model. CSA programs include four separate sites serving, elementary, middle, and high school students. We run a rigorous, college prep, collaborative, integrated, project-based program for high school students. Our students go above and beyond normal graduation expectations, completing requirements in these additional areas: 12 units of college classes; 100 hours of community service, internship in a work environment; four years of mathematics and science. Technology standards and skill development are embedded in our curriculum.

Since every student who attends CSA applied to be here, placement of students in Columbus Signature Academy is strictly voluntary. The CSA New Tech Campus is designed to serve 100 students in each grade level. Students are encouraged to apply in the winter of their eighth grade year. If we exceed 100 applications, we implement a stratified lottery system to ensure a student population consistent with the demographics of Bartholomew Consolidated School Corporation. Prior to the lottery, priority is given to students who successfully completed the CSA middle school program, and to siblings of current students. We attempt to ensure gender equity during the lottery process. Students accepting an invitation to attend CSA should consider the placement a four-year commitment. Transfers are disruptive to school culture and individual academic performance. Students may submit post lottery applications for openings that occur during the school year. Priority placement will be given to students in good, academic standing. Students requesting transfers to CSA New Tech Campus must be in good academic standing, including good attendance and discipline reports.

ACADEMIC POLICIES

POWERSCHOOL PARENT PORTAL
PowerSchool Parent Portal gives parents and students access to real-time attendance information. Quarter and semester grades will be posted in PowerSchool. Your username and password will either be sent to you via mail or you may call the school: 812-376-4595. Your child will be given log-in information during the first few weeks of school.

CSA SCHOOL WIDE LEARNING OUTCOMES
CSA Students are assessed on the following learning outcomes:
- Content
- Written Communication
- Oral Communication
- Collaboration Skills
- Agency

CSA HOMEWORK POLICY
- Homework or other assessments are due no later than the established deadline. Students need to communicate with their facilitators when they are unable to submit work in a timely manner.
- Planned Absences (tours, panels, Ivy Tech class, appointments, travel students)
  Students who leave during the school day are required to submit assignments prior to leaving the building for any class or part of class they will miss per that facilitator’s submission practice (e.g. an in box, etc.). As a professional courtesy, students should inform facilitators of appointments at the beginning of class.
- Unplanned Absences (illnesses, family emergencies, etc.) will receive one day to submit assignments for each day they have been absent.

BCSC COURSE RETAKE POLICY
High school students in grades 9-12 may retake a course if the original grade is a C+ or lower. Middle school students taking courses for high school credit may retake the course, in the subsequent academic year or in the freshman year, to increase understanding and improve skills. In both cases, the original grade will remain on the transcript, and the retake grade will also appear on the transcript. The higher of the two grades will be figured in the grade point average and class rank. A course with a passing grade may only be retaken once.

RANK IN CLASS
1. Rank in class is computed from grades earned in grades nine, ten, eleven, and twelve.
2. Rank in class is computed each semester unofficially. The official ranking is made after the seventh semester of work is completed.
3. A student’s rank in class is computed by averaging semester grades in all subjects granting one credit or more for each semester of work.
4. Rank in class is determined on the following mathematical basis:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>12</td>
</tr>
<tr>
<td>A</td>
<td>11</td>
</tr>
<tr>

<td>10</td>
</tr>
<tr>

</tr>
<tr>

</tr>
<tr>

<td>7</td>
</tr>
<tr>

</tr>
<tr>

<td>5</td>
</tr>
<tr>

</tr>
<tr>

</tr>
<tr>
<td>D</td>
<td>2</td>
</tr>
<tr>
<td>P</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
</tr>
</tbody>
</table>

The number of “A” grades is multiplied by 11, the number of “B” grades is multiplied by 8, etc. The total number of points is then divided by the number of grades being considered.

Rank in class for transfers to Columbus Signature Academy will be determined in the following way:
1. Students entering not later than the 6th semester shall be ranked under the regular procedure.
2. Students entering the 7th semester or later shall be given a co-rank with other members of the class but shall not be considered for the positions of valedictorian or salutatorian.

ACADEMIC INTEGRITY
Plagiarism is the act of appropriating the ideas, language, or work of another, and passing them off as one’s own product. As used here, it includes the act of “cheating,” when a student obtains or assists others in obtaining credit for work that is not his/her own.
CONSEQUENCES OF PLAGIARISM AND OTHER ACTS OF ACADEMIC DISHONESTY

First Offense during the student’s tenure at CSA:
A mandatory zero credit will be given for educational product. In the case of a Dual Credit course, student will no longer be eligible for dual credit.
Immediate parent contact by the teacher.
 Notification by teacher to principal.

Second Offense during the student’s tenure at CSA:
A mandatory zero credit will be given for educational product.
If incident occurs a second time in the same class, student may receive an F for that marking period (quarter).
Immediate parent contact by the teacher.
Mandatory parent conference with student, teacher, counselor, and administrator within three days.

Third Offense during the student’s tenure at CSA:
A mandatory zero credit will be given for educational product.
Notification by teacher to counselor and principal.
Mandatory parent conference with teacher, counselor, administrator, and student.
Required conference and/or notification of all students’ teachers following parent conference.
If incident occurs a third time in the same class, student will receive an F for the semester. Student may be removed from the class.

Fourth Offense during the student’s tenure at CSA:
A mandatory zero credit will be given for educational product.
Student given formal reprimand.
Recommendation for removal from the Columbus Signature Academy program.

RECORDS AND TRANSCRIPTS
A permanent record of the courses taken by each student consists of: the grades received his/her attendance record, and scores on special tests. When a student transfers to another school or applies for admission to college, the office will forward a transcript of this record. After the third transcript, a $1.00 fee will be charged for each transcript requested. Written permission from parents is required before transcripts can be forwarded to potential employers in accordance with Public Law 93-380. There will be no charge for electronic transcripts sent to Indiana colleges and universities as students need to use www.Parchment.com.

STUDENT TRANSFER/DISSMISAL
Students who wish to apply for a transfer to another school in BCSC must apply on a written transfer form by March 15, at which time transfers are either approved or rejected for the upcoming year. Parents of students who wish to transfer to North or East must meet with CSA New Tech Principal.
Failure to comply with CSA Core Beliefs, Agreements, and/or consistent failure to meet academic rigor of the CSA environment may result in permanent dismissal.

Students transferring to CSA New Tech from outside the BCSC district will maintain good academic standing including credits, attendance, and behavior to maintain eligibility for out of district transfer approval.

WITHDRAWAL
Any student, who wishes to withdraw from school for any reason must do so through the Principal’s office. In all cases, a signature from the student and a parent or legal guardian is required. The CSA Principal will conduct an exit interview.
TRANSPORTATION TO and FROM SCHOOL and PARKING

STUDENT DROP OFF AND PICK UP
Student drop off and pick up is to occur at the South entrance of the building. Buses will drop off at door #6. Parents will drop off students at door #11 between 7:15 and 7:45. Parents dropping off after 7:45 may use door #6. Student drivers will enter through door #11 between 7:15 and 7:45. Student drivers arriving after 7:45 will use door #6. Student drivers will enter through door #11. Please do not park and wait in neighboring business parking lots. Please do not park in the grass along 23rd street. To access the CSA Campus, please use Hawcreek Ave. and 23rd Street in order to reduce traffic flow in the neighboring, residential area. Vehicles entering the South Parking Lot at dismissal will not hinder efficient bus transportation.

AFTER SCHOOL HOURS
All students should be out of the building by 3:30 unless supervised by a staff member.

PARKING OF AUTOMOBILES AND MOTORCYCLES
Students need to understand that driving to school and parking on campus is a privilege afforded to them. The following are conditions attached to this privilege; failure to follow these conditions may mean forfeiture of this privilege:

* Students will maintain a clean and litter free parking area.

BICYCLES AND SKATEBOARDS
Bicycles ridden to school should be parked in designated bike racks adjacent to student MPR entrance upon arrival. Skateboards and bicycles should only be ridden on campus to and from school.

SCHOOL BUSES
School bus drivers are to have complete control of all school children while students are on the buses. Drivers will keep order, maintain discipline, and treat everyone in a civil manner. The driver will see that no child is imposed upon or mistreated, and use every care for the safety of the children. Buses are equipped with audio visual equipment. The school bus is an extension of the classroom, and students are expected to abide by the bus rules and regulations. Rules are as follows:

Bus Riding Policies
1. Children may be required to walk a reasonable distance to a bus stop. Please note, parents/guardians are responsible for the safety of your child while going to or from the bus stop and while waiting for the school bus. Stops will be chosen with concern for safety and numbers.

**ATTENDANCE**

PowerSchool Parent Portal gives parents and students access to real-time attendance information. Your username and password will either be sent to you via mail or you may call the school: 812-376-4595. Your child will be given log-in information during the first few weeks of school.

Columbus Signature Academy, like many professional organizations, values individual responsibility and self-management. Therefore, CSA will create an environment that encourages students and their parents to support these values. One of the clearest ways to demonstrate this is regular and punctual attendance.

We believe that parents should routinely monitor their student’s attendance. CSA students are not permitted to clear their own absences or tardies unless they are an emancipated minor. Absences and tardies are reported on individual course progress reports. Parents who have questions and/or concerns about their student’s attendance may call the office.

The Board believes that regular school attendance is critical to a student’s ability to derive the full benefits provided in the school. Maximum learning occurs through teacher instruction, class participation, and interaction among students. Therefore, any school absence, excused or unexcused, places the student at a disadvantage. Regular school attendance further prepares students to assume their roles as productive members of the work force and society.

Students are subject to the requirements of state law and school attendance policies. Fulfilling the requirements of the law and policies is the responsibility of the students and their parent(s)/guardian(s).

A student who is absent from school is expected to independently make up any work missed during such absence.

CSA follows the secondary calendar set for the Bartholomew Consolidated School Corporation. Radio and TV stations announce closures and delays. We encourage parents to sign up for email and text alerts from BCSC by clicking on the E-alert Subscription link on BCSC’s homepage: [www.bcscschools.org](http://www.bcscschools.org).

At Columbus Signature Academy, students are expected to be in class and ready to learn when the first block starts at 7:45 a.m. The last block dismisses at 3:08 p.m.

**TARDIES**
Facilitators take attendance at the beginning of each class period. Students who are 10 or fewer minutes late are marked tardy;
students 10 or more minutes late are marked unverified. PowerSchool Parent Portal gives parents and students access to real-time attendance information, including tardies. Your username and password will either be sent to you via mail or you may call the school: 812-376-4595. Your child will be given log-in information during the first few weeks of school.

To avoid missing instruction and to be respectful of peers and facilitators, students need to be on time to each class as part of CSA’s trust, respect, and responsibility agreements. Consequences for tardies will be given, up to and including lunch detention, required hall passes, after-school detention, in-school suspension, and out of school suspension. Students 6th tardy to school in a semester will result in lunch detention for that and future tardies. Habitual tardiness may result in loss of open campus lunch privileges.

PROCEDURES IN CASE OF ABSENCE

I. In case of an absence, a parent or guardian must call the office (812-376-4595) by 9:00 a.m. during the day of the absence. Failure to do so will result in the absence being listed as unexcused. Voice mail is available 24 hours per day.

II. Students have two (2) days after returning to school to change an unexcused absence to an excused absence with parental notification.

III. The day before or after any school vacation, a doctor’s statement may be requested to confirm an illness.

ILLNESS

Students may be required to have a written statement from a licensed health care provider to receive an excused absence due to illness. The parent/guardian will be notified of this requirement in a timely manner.

CSA New Tech follows the BCSC “Too Sick For School?” guidelines. If your child has the following symptoms, they should not be at school:

- Fever: temperature of 100 degrees or more.
- Vomiting: vomiting two or more times in 24 hours
- Diarrhea: two or more episodes of diarrhea in the last 24 hours
- Eyes: thick mucus or pus draining from the eye or pink eye (conjunctivitis)
- Head Lice: may not return to school until they have been treated and seen by the nurse. Bus transportation will be denied until recheck and cleared by school nurse
- Skin: unknown rashes or skin lesions (open sores)

**If your child is diagnosed with strep throat, staph infection, mono, conjunctivitis, fifth’s disease, or other communicable condition, please report this to the school nurse as soon as possible.

Parents/guardians are encouraged to provide the school with a physician’s statement that substantiates any chronic medical problem that would affect a student’s regular school attendance or participation in physical education classes.

In addition, once the child is at school, they will need to be assessed by the nurse who will determine if the child will be sent home. Students sent home by the nurse will have the absence excused (EXC); the absence may be unexcused (UNX) if parents elect to take the child home independent of the nurse evaluation.

PARTICIPATION IN EXTRA-CURRICULAR ACTIVITIES

Students must attend periods 6, 7, and 8 to participate in extracurricular activities that same day.

EXCUSED ABSENCES

Students may be absent from school for the following reasons:

1. Illness or injury requiring absence.
2. Death of immediate family member.
3. Death of another person when requested by parent or guardian (subject to approval of principal or designee). This request must be made prior to day of funeral.
4. Educational activities approved by the principal.
5. Special religious observations. (Examples: Good Friday, Yom Kippur, etc.)
7. Participation in state, multi-state, or national competition (subject to approval of principal or designee).
8. Subpoenaed to appear in court as a witness in a judicial proceeding.
9. Legislative page in the Indiana General Assembly.*
11. Job shadowing with approval of principal or designee.
12. College visitation is allowed only for grades 11 and 12. Permission slips available from counselor.
13. For part-day illnesses, leaving school must be approved by nurse or member of administrative team for the absence to be excused.
Other highly extenuating circumstances may require a student to be absent from school. Such circumstances will be reviewed by and subject to the approval of the principal or designee on a case-by-case basis. Family vacations are excluded and will be marked as unexcused absences.

*In accordance with applicable law, students who are absent from school for service as a legislative page, election worker, or subpoenaed shall be recorded as present on the official attendance record.

**EXCUSED ABSENCES MAKE-UP**
For excused absences, a student may have the opportunity to make up all work and receive credit for the same. The following conditions apply:

1. The request for make-up is the responsibility of the student.
2. The student is encouraged to complete the work prior to the absence, when possible.
3. For excused absences of two or more consecutive days, a parent/guardian may request assignments during the period of the student’s absence.
4. Following an excused absence, students will be given a number of school days equal to the number of school days of absence to submit make-up work for credit. (Example: student who is absent on Monday and Tuesday will make up work on Wednesday and Thursday and turn it in on Friday.)

**ABSENCES DUE TO OTHER HIGHLY EXTENUATING CIRCUMSTANCES**
A parent/guardian will submit a request for an excused absence due to highly extenuating circumstances and for participation in non-school sponsored state, multi-state, or national competition on the official form. This form, available at the front desk, should be completed and submitted to the principal or designee at least two (2) school days prior to an absence, unless an emergency prevents submission prior to the date of absence. In such case of emergency, the form must be submitted within two school days following the return to school. The request will be reviewed by and subject to the approval of the principal or designee.

**UNEXCUSED ABSENCES**
I. All absences not provided for under Excused Absences shall be considered unexcused UNX.
II. The penalties for unexcused absences are as follows:
   A. No credit for daily work missed.
   B. For each unexcused absence of less than a whole day, without prior notification and parental approval, a student is considered truant and will be assigned consequences:
      1. First offense - Student may be assigned 2 days of lunch detention.
      2. Second offense – Student may be assigned 1 day of in-school suspension.
      3. Continued offenses - Additional consequence(s) may be assigned – up to and including an out-of-school suspension.

An accumulation of unexcused absences in any semester in any one class, not including days of suspension, may result in the student’s withdrawal from the course(s) involved with a “WF.” He/she will be assigned to an academic lab for the classes involved. Extenuating circumstance involved in these absences will merit review.

**SPECIAL PROVISIONS**
1. A student who exceeds twelve absences in a semester course may receive no credit in the course. The reasons for the student’s absence will be reviewed before a loss of credit occurs.
2. A student who receives no credit in a course because of exceeding twelve absences in a semester course may audit the class or be assigned to an academic lab.
3. A student or parent/guardian may appeal a decision resulting in the loss of credit in a course to an attendance review committee. The committee will be composed of the principal or designee, a counselor, and the student’s teachers.

**INTERVENTION PROCEDURES**
Procedures are established and may be implemented to involve the assistance of the school attendance officer, local law enforcement officials, Bartholomew County Department of Public Welfare, and Juvenile Probation Division, or other agencies, when appropriate, in assuring attendance of students, if the school’s efforts with students and parents fail to produce satisfactory improvement in school attendance. CSA New Tech’s efforts to improve attendance are as follows:

1. **LETTER 1:** After 24 periods of unexcused absences or 40 periods of excused absences, a letter outlining CSA’s attendance policy and the student’s attendance record will be mailed home. The letter also includes BCSC’s policy and Indiana’s mandatory law IC Code 23.
2. **LETTER 2:** After 32 periods of unexcused absences or 64 periods of excused absences, the student’s attendance record will be mailed home. Included will be notice that a doctor’s note will be required to excuse future absences. Also
included in the mailing will be a Physician’s Certificate, which must be completed and returned to CSA New Tech within 6 school days.

3. LETTER 3: Noncompliance regarding the Physician’s Certificate combined with a lack of marked improved attendance will result in a third letter warning of probation referral.

4. PROBATION REFERRALS: Lack of communication from parents and noncompliance regarding the Physician’s Certificate combined with a lack of marked improved attendance will result in a referral to probation.

5. The probation referral process will be initiated for students who reach 90 missed periods.

TRUANCIES

A student who is absent from school in defiance of parental authority or who is absent without excuse and without permission or consent of the parent/guardian will be regarded as truant. The failure of a parent/guardian to provide an oral or written statement setting forth the reason for an absence within 2 school days following that absence from school shall be presumed evidence that the student’s absence was without the permission/consent of the parent/guardian. Consequences may be as follows: Each truancy may result in a conference with the Principal, student, and parent and 1 day of ISS or OSS. Subsequent truancies may result in additional conferences and consequences, up to and including out of school suspension*.

* Names of students who have 2 more out of school suspensions during a school year may be sent to the Indiana Bureau of Motor Vehicles, resulting in the student’s driver’s license being revoked or suspended possibly until the student turns 18 years of age and the student’s work permit will be revoked.

The Habitual Truancy Addition to Discipline Rules will be adhered to and read as follows:

Section 15.IC20-33-2-28.5, AS ADDED BY P.L.242-2005, SECTION 19, is AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 28.5.

(a) This section applies to an individual:

(1) who:
   (A) attends or last attended a public school;
   (B) is at least sixteen (16) years of age but less than eighteen (18) years of age; and
   (C) has not completed the requirements for graduation;

(2) who:
   (A) wishes to withdraw from school before graduation;
   (B) fails to return at the beginning of a semester; or
   (C) stops attending school during a semester; and

(3) who has no record of transfer to another school.

(b) An individual to whom this section applies may withdraw from school only if all of the following conditions are met:

(1) An exit interview is conducted.

(2) The individual’s parent consents to the withdrawal.

(3) The school principal approves of the withdrawal.

(4) The withdrawal is due to:
   (A) financial hardship and the individual must be employed to support the individual’s family or a dependent;
   (B) illness; or
   (C) an order by a court that has jurisdiction over the child.

During the exit interview, the school principal shall provide to the student and the student’s parent a copy of statistics compiled by the department concerning the likely consequences of life without a high school diploma. The school principal shall advise the student and the student’s parent that the student’s withdrawal from school may prevent the student from receiving or result in the revocation of the student’s employment certificate and driver’s license or learner’s permit.

(c) For purposes of this section, the following must be in written form:

(1) An individual’s request to withdraw from school.

(2) A parent’s consent to a withdrawal.

(3) A principal’s consent to a withdrawal.

(d) If the individual’s principal does not consent to the individual’s withdrawal under this section, the individual’s parent may appeal the denial of consent to the governing body of the public school that the individual last attended.

(e) Each public school, including each school corporation and each charter school (as defined in IC 20-24-1-4), shall provide an annual report to the department setting forth the following information:

(1) The total number of individuals:
   (A) who withdrew from school under this section; and
   (B) who either:
      (i) failed to return to school at the beginning of a semester; or
      (ii) stopped attending school during a semester;
and for whom there is no record of transfer to another school.

(2) The number of individuals who withdrew from school following an exit interview.

(f) If an individual to which this section applies:

(1) has not received consent to withdraw from school under this section; and

(2) fails to return to school at the beginning of a semester or during the semester;

the principal of the school that the individual last attended shall deliver by certified mail or personal delivery to the bureau of child labor a record of the individual's failure to return to school so that the bureau of child labor revokes any employment certificates issued to the individual and does not issue any additional employment certificates to the individual. For purposes of IC 20-33-3-13, the individual shall be considered a dropout.

(g) At the same time that a school principal delivers the record under subsection (f), the principal shall deliver by certified mail or personal delivery to the bureau of motor vehicles a record of the individual's failure to return to school so that the bureau of motor vehicles revokes any driver's license or learner's permit issued to the individual and does not issue any additional driver's licenses or learner's permits to the individual before the individual is at least eighteen (18) years of age. For purposes of IC 9-24-2-1, the individual shall be considered a dropout.

(h) If:

(1) a principal has delivered the record required under subsection (f) or (g), or both; and

(2) the school subsequently gives consent to the individual to withdraw from school under this section;

the principal of the school shall send a notice of withdrawal to the bureau of child labor and the bureau of motor vehicles by certified mail or personal delivery and, for purposes of IC 20-33-3-13 and IC 9-24-2-1, the individual shall no longer be considered a dropout.

No credit will be given for daily work missed. Students who fail to complete the required make-up work will receive zero credit. One day will be allowed for make-up for tests, papers, or special assignments for each day of suspension. Pre-assigned projects, special reports, papers, etc. must be turned in by the original deadline, as assigned by the teacher. If that deadline occurs during the suspension, the assignment must be turned in by the first day the student returns to school.

Daily work is that work which cannot be made up because the situation for the work cannot be recreated. This includes such activities as group participation activities, recitation, classroom discussion, journal notebooks, laboratory experiments and reports, and teacher notes.

**MOTOR VEHICLE LICENSE ISSUANCE/INVALIDATION**

State law requires, and School Board policy provides, that a student who is 13 or 14 years of age who is determined to be habitually truant from school must be reported to the Bureau of Motor Vehicles as ineligible to be issued a driver's license or learner's permit until the student reaches the age of 18. Per School Board policy, a student who is truant from school four times in a semester or six times in a school year is a habitual truant.

A student who is expelled from school, who is suspended from school a second time in a school year, or who has withdrawn from school for any reason other than financial hardship, must also be reported to the Bureau of Motor Vehicles for the purpose of invalidating any driver's license or permit which has been issued to the student. The principal will meet with the student and his parent to determine financial hardship. In the case of a second suspension from school, expulsion, or withdrawal, the student's license will be invalidated by the Bureau of Motor Vehicles for 120 days after the student is suspended or until the student reaches the age of 18, whichever first occurs.

**HEALTH SERVICES**

Health services, including first aid emergency care and health instruction, are offered for each student at CSA New Tech.

In accordance with Indiana's legal standards, all sophomores are given hearing tests during the school year. These tests are conducted by speech and hearing therapists, in collaboration with school nurses. Parents are notified of hearing failures in order that the student may receive further medical assistance. Any student desiring tests may self-refer. The parent or teacher may notify the school nurse if there are concerns.

During the course of the school year, the school nurse will be collecting heights, weights, and calculating BMI on all students. Parents may obtain this information from the school nurse upon request.

Permission to leave school ILL must be given by the nurse after a parent has been called. No student is to leave without this permission regardless of the time of day.
Indiana law requires that schools follow guidelines regarding administration of medication to students:

1. Only medications necessary to provide the student access to his/her educational program should be given during school hours. Whenever possible, medications should be given at home.
2. Medication must be brought to school and kept in an original and properly labeled container in the nurse’s area.
3. Written instructions from a physician are required for prescription medicines. Forms are available in the nurse’s office or at the BCSC website under Health Services for this. The form must be signed by parents and the doctor and returned to the nurse.
4. Written permission of parent(s) is required for any over-the-counter medication to be given at school. Only those medicines provided by parents will be dispensed.
5. No medications are to be carried by students – even over-the-counter medicines. This includes Tylenol, Midol, ibuprofen, cold medicine, vitamins, etc.
6. Parents are to pick up unused medications at the end of the school year. All medicines not picked up will be discarded.

Personal hygiene matters should be cared for at home. This includes showering/bathing, hair washing, deodorant needs, and care of tattoos and piercings.

For the wellbeing of students and staff, personal fragrances (including but not limited to perfume, body spray, and essential oils) may not be sprayed or applied inside of the school building including classrooms and locker rooms.

When a student enters school at CSA New Tech, he/she will be asked to update their student information. Students should take this information card to his/her parent for yearly review. This card will ask for names of persons who have parental permission to authorize treatment and release of information should the parent not be available, as well as emergency numbers. Students need to be aware of his/her doctor’s and dentist’s names. The parent needs to sign the form and return it. ALL phone numbers at which parents can be reached should be included on this card as well as a working email address for the parent.

If a student has a health condition that may interfere with their education, please notify the school nurse. Parental input is helpful in managing students’ health at school. Information from the physician may be necessary, and will need to be updated yearly.

The school nurse may be reached at 812-376-4595.

DISCIPLINE and CAMPUS POLICIES

CSA General Policy Statement

Columbus Signature Academy values individual responsibility, respect, and self-management. Students demonstrate these values by working within the boundaries of professional conduct set by the staff and student governance body at CSA. CSA will implement systems which encourage students and their parents to support these values.

Communication between all members of our learning community is vital in understanding the expectations of professional conduct at CSA. These policies have been written to inform all concerned what is expected of them. Our goal is to create an orderly, safe environment that is conducive to learning for all students. This goal requires open communication between
parents and the school. To help foster open communication, on page 6 we provided contact information for CSA’s staff.

**Establishing an Educational & Professional Environment**

At Columbus Signature Academy we are creating a culture of trust, respect, and responsibility. Staff and students have pledged to abide by and enforce the Professional Conduct Guidelines.

Successful education and professional environments promote individual responsibility while establishing guidelines and performance expectations. These same organizations have swift and consistent consequences for inappropriate behavior.

This effort demands that students and staff follow the professional conduct guidelines. This effort also demands a fair, firm, and consistent application of consequences. Students who approach our unique environment in a mature and responsible manner enjoy maximum flexibility and responsibility. Students who violate these codes of conduct and demonstrate a lack of maturity will lose privileges.

At Columbus Signature Academy, we believe in a **Progressive Discipline** philosophy. Consequences increase if the unacceptable behavior is repeated. With more minor offenses, serious consequences result only after verbal conferences and warnings have failed to correct the student’s behavior. With major offenses, consequences will begin at an increased level.

Any major behavior problem may be sent directly to the principal, and any major technology infraction may be sent directly to the network manager.

**The following constitute Severe Infractions (*Depending on the circumstances – may be classified as moderate)**

- Bullying
- Cheating
- *Class disruption
- Defiance
- *Disrespect
- Drugs/Alcohol
- Gang representation/activity
- Network violations
- Plagiarism

**Student Discipline Reports**

All discipline reports will be entered in our database. Staff members will post to keep records of problems, and the interventions are categorized by offenses. Communication with parents will be a vital component to our interventions.

**Suspension From School:**

A school principal (or designee) may deny a student the right to attend school and/or take part in any school function for a period of up to 10 school days.

**MAKE-UP WORK FOR SUSPENSION**

If a student is suspended, the student is required to complete all assignments and school work assigned during the period of the student’s suspension. The principal or the principal’s designee shall ensure that the student receives:

1. notice of any assignments or school work due; and
2. teacher contact information in the event the student has questions regarding the assignments or school work; and
3. credit, in the same manner that a student who is not suspended would receive, for any assignments or school work assigned during the period of the student’s suspension that the student completes. A student may be allowed to make up missed tests or quizzes when the student returns to school.

**Expulsion**

EXPULSION: A student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester. Grounds for suspension or expulsion are student misconduct and/or substantial disobedience.

**CSA: Positive Behavior Instructional Support (PBIS)**

The BCSC Positive Behavior Instructional Support focuses on integrating the existing System of Care with evidence-based practices in school-wide positive behavior support; providing high-quality training to mental health, juvenile justice, and school professionals; and providing technical assistance and consultation to families, juvenile justice authorities, mental health agencies, and school systems as they implement evidence-based practices in the areas of school-wide positive behavior support and mental health systems of care.

**PBIS Goal:** Bartholomew Consolidated School Corporation, in partnership with local mental health and juvenile justice authorities, will develop a comprehensive, integrated, and systemic approach to children’s mental health in Bartholomew County.
What PBIS Agreements Exist at CSA?
Our PBIS team, consisting of administrative staff, facilitators, and students, have worked to generate a Positive Behavior Location Matrix to describe the expectations of CSA students on Campus. The matrix is designed around our CSA Core Values of trust, respect, and responsibility, and is presented throughout the building.

ANTI-HARASSMENT POLICY (IC 20-33-8-13.5)
General Policy Statement - It is the policy of the School Board to maintain an education and work environment, which is free from all forms of unlawful harassment. For purposes of this policy, “Board” means Board or its designee. This commitment applies to all School Corporation operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the School Corporation.

The Board will enforce its prohibition against harassment based on gender, age, race, color, national origin, including limited English language and other differences, religion/creed, disability, or any other unlawful basis, and encourages those within the School Corporation community as well as third parties who feel aggrieved to seek assistance to rectify the problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the School Corporation will take immediate steps to end the harassment. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

For purposes of this policy, “School Corporation community” means students, administrators, teachers, staff, and all other school personnel, including Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the School Corporation.

For purposes of this policy, “third parties” include, but are not limited to, guests and/or visitors on School Corporation property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the School Corporation, and other individuals who come in contact with members of the School Corporation community at school-related events/activities (whether on or off School Corporation property).

Other Violations of the Anti-Harassment Policy - The School Corporation will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:
A. Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation.
B. Filing a malicious or knowingly false report or complaint of harassment.
C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one’s supervisory duties.

Definitions
Sexual Harassment - Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, “sexual harassment” is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:
A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual’s employment, or status in a class, educational program, or activity;
B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
C. Such conduct has the purpose or effect of interfering with the individual’s work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one’s ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
B. Physical assault.
C. Threats or insinuations that a person’s employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person’s body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.
E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or educational environment, which may embarrass or offend individuals.
F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
H. Remarks speculating about a person’s sexual activities or sexual history, or remarks about one’s own sexual activities or sexual history.
I. Consensual sexual relationships where such relationship leads to favoritism of a student or subordinate employee with whom the teacher or superior is sexually involved and where such favoritism adversely affects other students and/or employees.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects an individual’s employment or education, or such that it creates a hostile or abusive employment or educational environment.

NOTE: Any staff member who engages in certain sexual conduct with a student may be disciplined up to and including termination and may also be guilty of the criminal charge of “sexual battery” as set forth in Indiana Code 35-42-4-8. In the case of a child under fourteen (14) years of age, the person may also be guilty of “child molesting” under Indiana Code 35-42-4-3. In the case of a child between the ages of fourteen (14) and sixteen (16), the person may also be guilty of “sexual misconduct with a minor” under Indiana Code 35-42-4-9. The issue of consent is irrelevant in regard to the latter two (2) criminal charges. Any employee accused of sexual relations with a student may be placed on leave without pay until school administrative proceedings are completed. Proven sexual relationships with a student regardless of the age of the student will initiate the termination process for the employee. The determination of filing criminal charges will be made by the appropriate law enforcement agencies.

Race/Color Harassment - Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual’s race or color and when the conduct has the purpose or effect of interfering with the individual’s work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one’s ability to participate in or benefit from a class or an educational program or a corporation sponsored activity. Such harassment may occur where conduct is directed at the characteristics of a person’s race or color, such as racial
slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious/Creed/Harassment - Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or a corporation sponsored activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment - Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or a corporation sponsored activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment - Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or a corporation sponsored activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

Reports and Complaints of Harassing Conduct - Members of the school corporation community and third parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor or other school corporation official so that the Board may address the conduct before it becomes severe, pervasive, or persistent.

Members of the school corporation community or third parties who believe they have been unlawfully harassed by another member of the school corporation community or a third party are entitled to utilize the school corporation's informal and/or formal investigation and complaint processes. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual’s employment or participation in educational or extra-curricular programs. Individuals should make every effort to file an informal or a formal complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The Superintendent shall establish Administrative Guidelines describing both a formal and an informal process for making a charge of harassment, a process for investigating claims of harassment, and a process for rendering a decision regarding whether the claim of harassment was substantiated. This Policy and the Administrative Guidelines will be readily available to all members of the school corporation community and posted in appropriate places throughout the school corporation.

Any school corporation employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to an immediate supervisor. Thereafter, an investigation will follow as outlined in the guidelines.

**Policy 5840 - Criminal Organizations and Criminal Organization Activity**

The Board of School Trustees of the Bartholomew Consolidated School Corporation prohibits gang activity and similar destructive or illegal group behavior on school property, on school buses, and/or at school-sponsored functions and prohibits reprisal or retaliation against individuals who report gang activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or other people with reliable information about an act of gang activity and similar destructive or illegal group behavior.

The following definitions apply to this policy:

A. Criminal Gang means a group with at least three (3) members that specifically:

   1. either:
a. promotes, sponsors, or assists in; or  
b. participates in; or

2. requires as a condition of membership or continued membership:

the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery.

B. Gang Activity means to knowingly or intentionally actively participate in a criminal gang, or a student who knowingly or intentionally solicits, recruits, entices, or intimidates another individual to join a criminal gang.

Per state law, a school employee shall report any incidence of suspected criminal gang activity, criminal gang intimidation, or criminal gang recruitment to the principal or designee and the school safety specialist. The principal or designee and the school safety specialist may take appropriate action to maintain a safe and secure school environment, including providing appropriate intervention services. Appropriate consequences and remedial actions are those that take into consideration the severity of the offenses and consider both the developmental ages of the student offenders and the students' histories of inappropriate behaviors per the code of conduct.

Any corporation and school employee who promptly reports an incident of suspected gang activity and who makes this report in compliance with the School Corporation procedures is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The principal or designee shall conduct a thorough and complete investigation for each report of suspected gang activity. The investigation shall be initiated by the principal or the principal's designee within one (1) school day of the report of the incident. The principal may appoint additional personnel and request the assistance of law enforcement to assist in the investigation. The investigation shall be completed and the written findings submitted to the principal or designee as soon as possible, but not later than five (5) school days from the date of the report of the alleged incident of criminal gang activity. The principal or designee shall take any appropriate disciplinary actions based upon the findings of the investigation, in accordance with the code of conduct.

The Superintendent of the School Corporation is authorized to define the range of ways in which school staff and the principal or the principal's designee shall respond once an incident of criminal gang activity is confirmed, according to the code of conduct. Consequences for a student who engages in gang activity may range from positive behavioral interventions up to and including suspension or expulsion.

The principal or designee shall provide the parents of the students who were investigated with information about the investigation. The information to be provided to parents includes the nature of the investigation, whether the Corporation found evidence of criminal gang activity, and whether consequences were imposed or services provided to address the activity. This information is to be provided in an expedited manner.

As appropriate to the investigation findings, the principal or designee also shall provide intervention and/or relevant support services. The principal or designee shall inform the parents of all students involved in alleged incidents and discuss the availability of intervention services.

Support services may include one or more of the following:

A. Gang awareness education that shows promise of effectiveness based on research. The gang awareness education information should be revised and updated regularly to reflect current trends in gang and gang-like activity.

B. Culturally and/or linguistically appropriate services/supports for parents and families.
C. Counseling coupled with mentoring for students and their families.

D. Community and faith-based organizations and civic groups.

E. Viable, sustainable after-school programs developed in collaboration with other stakeholders.

F. Job training and employment opportunities as both a deterrent to gang involvement and an incentive to leave gang involvement.

G. School sanctioned/facilitated extra-curricular activities.

The principal or designee shall submit the report to the Superintendent of the school corporation within ten (10) school days of the completion of the investigation. The Superintendent or his/her designee shall report the results of each investigation to the school board on a regular basis during regularly scheduled board meetings.

Each school within the school corporation shall record the number of investigations disposed of internally and the number of cases referred to local law enforcement, disaggregated by race, ethnicity, age, and gender. Each school shall report this information to the school corporation Superintendent or designee who shall submit a report to the Indiana Department of Education by June 2 of each year.

This policy shall be annually disseminated to all parents who have children enrolled in a school within the school corporation. Notice of this policy must be published in student handbooks and the policy shall be posted on the corporation website.

School officials are encouraged to collaborate with stakeholders to provide gang prevention and intervention services and programs, including but not limited to:

A. Provide training for staff and teachers on gang prevention and intervention resources within a jurisdiction on a periodic basis. The gang awareness information should be revised and updated regularly to reflect current trends in gang activity.

B. Create formalized collaboration plans between local school administration and community based prevention and intervention providers (possibly using the existing County Safe School Commissions as points of contact). The formalized collaborations should make effective, coordinated, and maximized use of Federal funding a priority.

C. Coordinate resources and funding opportunities to support gang prevention and intervention activities.

DRESS CODE
DRESS AND APPEARANCE
Our school philosophy emphasizes that education is to help the individual develop his/her potential in an atmosphere of self-disciplined behavior. The careful regulation of student dress styles is the responsibility of the school. Student/staff health and safety, common decency, student schoolwork, and school and classroom order are all affected. This basic dress code does not infringe on students’ rights of freedom of expression, but rather encourages students to “dress for success,” and come to school properly prepared to participate in the educational process.

In keeping with the above philosophy, and in order to reduce misunderstanding, inappropriate school wear includes, but is not limited to, the following:

1. The maintenance of common decency and classroom order requires adequate coverage of the person. Pants will be free from holes. Patches on pants will prevent skin from showing. Any clothing that reveals undergarments or the lack of undergarments will be considered inappropriate. This includes sagging pants if underwear is visible. Garments such as (but not limited) to slippers, pajamas, short skirts and shorts, halter tops, those which reveal bare midriffs or backs, tube tops, see-through tops, tank tops, those which contain spaghetti straps, and garments with plunging or revealing necklines are not allowed. Shirts and tops must be tuckable. The sleeves must break over the shoulder and there should be no gaps on t-shirt sides.
2. Clothing should support a positive and inclusive school culture. District employees and students shall not racially harass or intimidate others by using racial or derogatory slurs, wearing or possession of items depicting or implying racial hatred or prejudice. District employees and students shall not at school, on school property or at school activities wear or have in their possession any written material, either printed or in their own handwriting, which is racially disruptive or would cause a reasonable person to be intimidated. (Examples include but are not limited to: clothing, jewelry, articles, material, publications, vehicle stickers, vehicle decals, vehicle paintings, hangings within and outside of vehicles that denote the Ku Klux Klan, Aryan Nation, White Supremacy, Black Power, Confederate flags or articles, Neo-Nazi or any other “hate” groups that support racial violence. This list is not intended to be all-inclusive).”

Violations of this policy shall result in disciplinary action by school authorities, with specific circumstances weighed carefully by school authorities. Employees who violate this policy will be dealt with in accordance with applicable district policies and procedures.

3. Any item of apparel that bears any picture, diagram, or slogan/language that can be considered vulgar, indecent, obscene, or tends to exploit drugs, alcohol, gangs, or anything immoral or illegal will be deemed inappropriate and may not be worn in school or at a school function.

4. The maintenance of health and safety includes the wearing of shoes, sandals, or boots, and such additional items as may be required in special classes such as shop, laboratories, and physical education. Cleanliness of person and apparel is required.

5. Attire that may cause property damage and/or injury is not to be worn (e.g., chains).

6. Students must remove hats and other non-religious head coverings when entering the building, as well as any covering that would restrict the visibility of a face.

**STUDENT PRESENTATIONS – DRESS CODE - Professional Environment Standard**

Students are expected to dress professionally for presentations.

- Dresses or tops must have sleeves which extend beyond the top of the shoulder, at least 1 inch, they must cover the back, midriff, and chest
- Skirts (to mid-thigh or longer)
- Slacks (shorts are NOT considered professional dress)
- Collared shirts/sweaters
- Button-down shirts/with or without a tie or sweaters

**EXTRACURRICULAR ACTIVITIES & ATHLETICS**

CSA New Tech students are eligible to participate in extracurricular activities and/or athletics at their homeschool of Columbus East or Columbus North. Please refer to their appropriate school handbooks for eligibility rules and requirements.

Having, selling, or giving away any explosives or fireworks is prohibited. This includes, but is not limited to, smoke bombs, firecrackers, cherry bombs, live ammunition, and any manufactured/homemade explosive devices (IC 20-33-8-16).

**FOOD AND DRINK**

Other than water in a clear container, food and drink is restricted to the MPR (cafeteria). Exceptions include facilitator directed and supervised celebrations. Food and drink is never to be around laptops or other technology.

**PETS (Animals)**

Animals permitted in schools and elsewhere on Corporation property shall be limited to those necessary to support specific curriculum-related projects and activities, those that provide assistance to a student or staff member due to a disability (e.g., seizure disorder), those that provide a reasonable accommodation to a student in accordance with an Individualized Education Program or a Section 504 Plan, or those that serve as service animals as required by Federal and State law. A non-service animal may be allowed on Corporation property under certain conditions. Please see BCSC Policy 8390 for additional information.
MOBILITY WITHIN THE BUILDING AND ON CAMPUS

In order to maintain and promote a professional atmosphere at New Technology High School, staff and students have agreed that students will be allowed to leave the classroom when necessary without obtaining a “hall pass.” However, students must inform the teacher whenever leaving a classroom. Students abusing this privilege will be dealt with as outlined in the beginning of this section and may be expected to have written permission to leave the classroom. Students will show respect to their teachers and the school by attending class and remaining in the classroom for the entire period. Regardless of the need (unless it is an emergency), students will not leave classrooms during lectures, direct instruction, and presentations.

Acceptable Reasons to Leave Classroom with Facilitator Permission:
Restroom visit; Illness (student must go to the office to lie down or have parent called); Call slip to somewhere else; Pre-approved appointment with a valid off-grounds pass; A drink of water from the water fountain

OPEN CAMPUS POLICY

All Freshmen students have a closed campus lunch period, and are required to eat lunch in the CSA New Tech cafeteria. Food is provided by BCSC food service. Sophomores, Juniors, and Seniors have open campus privileges. Open campus is a privilege earned by demonstrating the core pillars of Trust, Respect, and Responsibility. Students may maintain open campus privileges by maintaining passing grades, good attendance, and a clear discipline record. Off-campus privileges may be revoked at any time as a disciplinary consequence. Students are expected to maintain all school rules while off campus during the school day. BCSC food service pricing information may be found on the final page of the student handbook.

PUBLIC DISPLAYS OF AFFECTION

Overt public displays of affection are not appropriate at school, including kissing, hugging, holding hands, and other intimate acts. These acts are not permitted during the school day, at extracurricular events, or anywhere on campus. Students should use good judgment in order to avoid embarrassing situations and the possibility of disciplinary action as well as a parent contact.

SEXUAL HARASSMENT

Columbus Signature Academy will maintain a learning and working environment that is free from sexual harassment. Sexual harassment is a form of sex discrimination under Title IX of the Education Amendments of 1972, and is prohibited by both Federal and State law.

The Superintendent or designee shall ensure that students receive age-appropriate information related to sexual harassment. Student shall be assured that they need not endure any form of sexual conduct or communication, including harassment because of sexual orientation.

Any student who engages in the sexual harassment of anyone in or from the district may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in sexual harassment may be subject to disciplinary action up to and including dismissal. In addition, criminal or civil charges may be brought against the alleged harasser; sexual harassment also may be considered a violation of laws relating to child abuse.

The Board expects students or staff to immediately report incidents of sexual harassment to the principal or designee or to another district administrator. Staff shall similarly report any such incidents they may observe, even if the harassed student has not complained. Any student who feels that he/she is being harassed should immediately contact the principal at his/her school. See also the Anti-Harassment Policy.

SEXUAL MISCONDUCT

Touching others in ways that would be considered sexually expressive/offensive (embracing, kissing, fondling, etc.). Sexual misconduct would also include willful exposure, showing or revealing parts of the human body in such a manner that embarrasses or offends other people or causes disruption to others in the school (“mooning”, “streaking”, or “flashing”); having or sharing material of a sexual nature, obscene acts or gestures, other behavior that would be construed as sexually offensive.
STUDENT SEARCH POLICY
A search of a student's person, school locker, or his/her possessions (including but not limited to lockers, desks, purses, wallets, backpacks, student vehicles parked on district property, cellular phones, social media sites, websites, or other electronic communication devices) may only be conducted when school administrators have facts that lead to the formation of a reasonable belief or suspicion that the object or information that is being searched for is a violation of the school rules. This search may occur when the student's actions occur:

(1) during the school day, a school event, and/or on school equipment and violate a discipline rule that the student has been given notice of; or

(2) when a published rule of the act being (a) unlawful and (b) resulting in (i) an interference with school purposes/functions or (ii) the need to remove the student to restore order or protect persons on school property. (See IC 20-33-8-15.)

CANINE SEARCH
In accordance with Bartholomew Consolidated School Corporation policy, CSA New Tech believes there may be occasions when the use of canines to detect the presence of controlled substances on school grounds or at school activities may be appropriate. The Superintendent and/or Bartholomew Consolidated School Corporation Principal/Lead Teacher may request a canine search. To support this search, the Principal/Lead Teacher shall provide facts and circumstances to the Superintendent/Designee, which would support a reasonable suspicion to believe that there is a controlled substance use or possession in a school building or student vehicle in the school parking lot.

SUBSTANCE ABUSE
The following applies to all students attending school or school-sponsored events (i.e., field trips, athletic events, etc.). Due process will be followed. Proper law enforcement authorities will be notified involving controlled substances or alcohol.

UNDER THE INFLUENCE AND/OR POSSESSION:
Under the influence or in illicit possession of alcohol, or other unauthorized drugs or narcotics, or other mood altering chemicals. For purposes of this procedure a person shall be regarded as being in illicit possession of a mood altering chemical substance in violation of the board policy where the circumstances surrounding the person’s possession evidence use or intent to use such substance in a manner other than its normally intended use and a reasonable likelihood that such chemical substance will be ingested, inhaled, applied, or consumed with the purpose or intent of altering one’s present mood.

CONSEQUENCES:
1st OFFENSE:
Principal shall complete a request for expulsion; however, such requests shall not be forwarded to the Superintendent for further action provided the following criteria are satisfactorily met by the student and parent(s)/guardian(s):

1. Student shall be suspended from school for five days.
2. During the five day period of suspension from school, the student and/or parent(s)/guardian(s) shall contact the Student Assistance Director and make necessary arrangements for a preliminary assessment of chemical use and to make other arrangements that might be part of the recommendations of the Student Assistance Director. Should the student and/or parent(s)/guardian(s) fail to make the required contact the Student Assistance Director during the five day period of suspension from school, the Principal shall, upon the student’s return to school, forward the request for expulsion to the Superintendent for further action. The student and parent(s)/guardian(s) to defer expulsion will satisfactorily complete all the terms and conditions provided in the agreement with the Student Assistance Director. Possible recommendations from the Student Assistance Director and school officials: Chemical use assessment administered by professional outpatient drug/alcohol counselor(s). Assessment by outpatient drug-alcohol counselor(s) plus outpatient counseling and/or drug-alcohol education for student and/or parent(s)/guardian(s) via certified outpatient counselor(s) or qualified school personnel. Inpatient treatment commensurate with family’s ability to pay for services.
2nd OFFENSE:
The Principal will recommend to the Superintendent that the student be expelled from school as outlined in the Bartholomew Consolidated School Corporation Policy 5-7-3-7.

PARAPHERNALIA:
Paraphernalia is a raw material, an instrument, a device or any other object that the person intends to use for introducing into the person’s body a controlled substance, for testing the strength, effectiveness, weight, or purity of a controlled substance, or for enhancing the effect of a controlled substance.
Possessing paraphernalia with or without residue may result in suspension or expulsion from school. Students may be subject to the same school and legal rules that cover using, distributing, or possessing a substance that looks like or is represented to be a controlled or illicit substance.

1st OFFENSE:
A first at-school violation will result in an in-school suspension being assigned and a letter from the Student Assistance Director being mailed to the parents. A drug screen will be requested and to make other arrangements that might include the Student Assistance Director.

2nd OFFENSE:
Suspension will be assigned and the student will be referred to the Student Assistance Director for assessment and help. During the period of suspension from school, the student and/or parent(s)/guardian(s) shall contact the Student Assistance Director and make necessary arrangements for a preliminary assessment of chemical use and to make other arrangements that might be part of the Student Assistance Director’s recommendations. Should the student and/or parent(s)/guardian(s) fail to make the required contact with the Student Assistance Director during the period of suspension, the Lead Teacher, upon the student’s return to school, will forward the request for expulsion to the Superintendent for further action. This assessment may result in penalties for athletic, extra-, and co-curricular activities beyond the suspension days. This will depend on what violations are confirmed and the student’s and family’s willingness to follow the CSA guidelines that are established. For the student and parent(s)/guardian(s) to defer expulsion proceedings, the terms and conditions provided in the agreement with the Student Assistant Director must be satisfactorily completed.

3rd OFFENSE:
The Principal/Lead Teacher will recommend to the Superintendent that the student be expelled from school. If the request for expulsion takes place during the second semester of a school year, the expulsion, if imposed, shall remain in effect for the summer school and for the first semester of the following school year.

USE OF TOBACCO AND VAPING DEVICES ON SCHOOL GROUNDS AND BUSES:
Students will not possess and/or use tobacco or any form of vaping device on or adjacent to CSA New Tech’s campus. For purposes of this rule, “use of tobacco” shall mean all uses of tobacco, including a cigar, cigarette, pipe, snuff, or any other matter or substance that contains tobacco, as well as electronic, “vapor,” or other substitute forms of cigarettes.

1st OFFENSE will result in 1 day of Out-of-School Suspension (OSS) and a citation issued by the school resource officer. During the time of suspension, the student is expected to complete a tobacco and vaping education lesson that must be submitted when the student returns to school. Failure to complete the assignment will result in In-School Suspension (ISS) at which time the student will complete the assignment. This may be repeated as necessary.

2nd OFFENSE will result in 3 days of Out-of-School Suspension (OSS) and a citation issued by the school resource officer.

3rd OFFENSE will result in 5 days of Out-of-School Suspension (OSS) and a citation issued by the school resource officer.

4th OFFENSE will result in a file for expulsion.

VIDEO SURVEILLANCE CAMERAS
To help ensure the safety and security of students, staff and patrons, please be aware that security cameras have been installed in specific interior and exterior areas throughout BCSC schools. Behavior may be monitored on school property and/or adjacent property. Actions recorded on these cameras may be used as evidence in disciplinary and legal actions.

TECHNOLOGY, NETWORK, INFORMATION, and INTERNET POLICIES
Our expectation and belief is that students will responsibly use district technology and that they understand the appropriate and acceptable use of both the technology and district network resources. We also expect that students will make a good faith effort to keep their district-issued devices safe, secure and in good working order. Our policies and procedures include the following specific responsibilities and restrictions.

Student Responsible Use Policy
CSA New Tech students need to use technology every day in order to be successful in our program. Students receive extensive instruction regarding the care and procedures for taking care of the equipment. In order for a student to be allowed to use the equipment, they must follow the expectations for responsible use as instructed by facilitators throughout the year including student orientation.

RESPONSIBILITIES
The student will:
1. Adhere to these guidelines each time the device is used at home and school.
2. Charge their 1:1 device at home nightly, bringing it to school each day with a full charge.
3. Use appropriate language in all communications refraining from use of profanity, obscenity and offensive or inflammatory speech. Cyber bullying, including personal attacks or threats toward anyone made while using either the district owned or personally owned technology, is to be reported to responsible school personnel. Communication should be conducted in a responsible and ethical manner.
4. Respect the Internet filtering and security measures included on the device. All students 1:1 computing devices are configured so that the Internet content is filtered both when the student is at school and when on any other public or private network.
5. Back up important data files regularly.
6. Use technology for school-related purposes only during the instructional day while refraining from use related to commercial or political purposes at any time.
7. Follow copyright laws and fair use guidelines and only download or import music, video, or other content that students are authorized or legally permitted to reproduce or use for school-related work.
8. Make available for inspection by an administrator or teacher any messages or files sent or received to or from any Internet location using district technology. Files stored and information accessed, downloaded, or transferred on district-owned technology are not private insofar as they may be viewed, monitored, or archived by the district at any time.
9. Transport computer in sleep mode, with screen closed, and in its protective case (if supplied).
10. Provide their own headphones and/or ear buds as needed for school-related work.
11. Only clean the screen with a soft, dry microfiber cloth or anti-static cloth.
12. Return (including the charger) the device and carrying case (if supplied) upon transferring out of school or at the end of the year.

RESTRICTIONS
The student will not:
1. Mark, deface or place stickers on the device. School-issued carrying cases may also not be personalized.
2. Reveal or post identifying personal information, files, or communications to unknown persons through email or other means through the Internet.
3. Attempt to override, bypass, or otherwise change the Internet filtering software, device settings, or network configurations.
4. Attempt access to networks and other technologies beyond their authorized access. This includes attempts to use another person’s account and/or password or access secured wireless networks.
5. Share passwords or attempt to discover passwords. Sharing a password is not permitted and could make you subject to disciplinary action and liable for the actions of others if problems arise with unauthorized use.
6. Download and/or install any programs, files, or games from the internet or other sources onto any district-owned technology. This includes the intentional introduction of computer viruses and other malicious software.
7. Tamper with computer hardware or software, attempt unauthorized entry into computers, and/or vandalize or destroy the computer or computer files. Intentional or negligent damage to computers or software may result in criminal charges.

8. Attempt to locate, view, share, or store any materials that are unacceptable in a school setting. This includes but is not limited to pornographic, obscene, graphically violent or vulgar images, sounds, music, language, video, or other materials. The criteria for acceptability is demonstrated in the types of material made available to students by administrators, teachers and the school media center.

9. Modify or remove the BCSC asset tag or the manufacturer serial number and model number tag.

10. A student who repeatedly, intentionally misuses or damages the equipment will be restricted from access to that equipment and may be removed from the Columbus Signature Academy.

In addition to the specific requirements and restrictions detailed above, it is expected that students and families will apply **common sense** to the care and maintenance of district-provided 1:1 technology. In order to keep devices secure and damage free, please follow these additional guidelines.

- You are responsible for the device, charger, cords, school-owned case, etc. Do not loan any of these items to anyone else.
- While a properly designed case affords some protection, there are still many fragile components that can easily be damaged by dropping, twisting, or crushing the device.
- Do not eat or drink while using the 1:1 device or have food or drinks in close proximity. Any liquid spilled on the device may very well cause damage (often irreparable) to the device.
- Keep your 1:1 device away from precarious locations like table edges, floors, seats, or around pets.
- Do not stack objects on top of your 1:1 device, leave outside, or use near water such as a pool.
- Devices should not be left in vehicles.
- Devices should not be exposed to extreme temperatures (hot or cold) or inclement weather (rain, snow).
- Do not store or transport papers between the screen and keyboard.

**COMPUTER DAMAGES**

If a computer is damaged, the school must be notified immediately. If a student damages a computer due to negligence, the student/student’s family is responsible for paying repair costs according to the repair costs determined by BCSC up to the full cost of a replacement device.

BCSC reserves the right to charge the Student and Guardian the full cost for repair or replacement when damage occurs due to negligence as determined by the administration. Examples of negligence include, but are not limited to:

1. Leaving equipment unattended and unsecured. This includes damage or loss resulting from an unattended and unsecured device at school.
2. Lending equipment to others other than one’s parent(s)/guardian(s).
3. Using equipment in an unsafe environment.
4. Using equipment in an unsafe manner.
5. Ignoring common sense guidelines delineated above.

- A student who does not have a computer due to a computer being damaged may be allowed to use a computer from the school depending on availability and reason for loss. Students whose computer has been damaged due to negligence will not be allowed to take the loaner computer home.
- If the device charger or carrying case is damaged or lost, the student is responsible for replacing it.
- Access to a BCSC provided 1:1 device and network should be considered a privilege that must be earned and kept. A student’s technology privileges may be suspended due to negligent damage to the device, or inappropriate use of the device that fails to comply with the BCSC technology agreements outlined in this document.

**NETWORK VIOLATIONS**

Network restriction is an option that may be invoked for improper behavior regarding the Technology Infrastructure at Columbus Signature Academy. Access can be restricted at the discretion of the Principal and/or the Network Management.

**Possible Network Restrictions:**

- Loss of email for one day or more
- Loss of network access for one day or more

7540.03 - INTERNET SAFETY POLICY
Mission and Goals
In making decisions regarding staff and student access to the Internet, the Bartholomew Consolidated School Corporation considers its own stated educational mission, goals, and objectives. Electronic information research and collaboration skills are now fundamental to preparation of citizens and future employees. Access to the Internet enables staff and students to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The Corporation expects that faculty will blend thoughtful use of the Internet throughout the curriculum and will provide guidance and instruction to students in its use. As much as possible, access from school to Internet resources should be structured in ways which point students to those which have been evaluated prior to use. While students will be able to move beyond those resources to others that have not been previously viewed by the staff, they shall be provided with guidelines and lists of resources particularly suited to learning objectives.

It is the policy of Bartholomew Consolidated School Corporation to 1) prevent user access over its computer network to, or transmission of, inappropriate material via the Internet, electronic mail, or other forms of direct electronic communications; 2) prevent unauthorized access or other unlawful online activity, 3) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors, and 4) comply with the Children’s Internet Protection Act [Pub. L. No. 106-554 and 47USC 254(h)].

Supervision and Responsibility
Outside of school, families bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, radio, movies, and other possibly offensive media. Students utilizing Corporation-provided Internet access must first have the permission of and must be supervised by the Bartholomew Consolidated School Corporation’s authorized employees. Students utilizing school-provided Internet access are responsible for good behavior online just as they are in a classroom or other area of the school. The same general rules for behavior and communication apply.

It shall be the responsibility of all members of the Bartholomew Consolidated School Corporation staff to educate, supervise,
and monitor appropriate usage of the online computer network and access to the Internet in accordance with this policy, the Children’s Internet Protection Act, the Neighborhood Children’s Internet Protection Act, and the Protecting Children in the 21st Century Act. The Superintendent or his designee shall develop and implement administrative guidelines regarding network and user administration and use.

Purpose
The purpose of Corporation-provided Internet access is to facilitate communications in support of research and education. To remain eligible as users, staff and students’ use must be in support of and consistent with the educational objectives of the Bartholomew Consolidated School Corporation. Access is a privilege, not a right. Access entails responsibility.

Privacy
Users should not expect that files stored on school-based computers will be private. Electronic messages and files stored on school-based computers may be treated like school lockers. Administrators and faculty may review files and messages to maintain system integrity and insure that users are acting responsibly.

Access to Inappropriate Material
To the extent practical, Bartholomew Consolidated School Corporation shall use Internet content filters and other technology protection measures to block or filter Internet access to inappropriate material. As required by the Children’s Internet Protection Act, blocking shall be applied to visual depictions of material deemed to be obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled only for bona fide research or other lawful purposes.

Exclusionary Usage
To the extent practical, steps shall be taken to promote the safety and security of users of the Bartholomew Consolidated School Corporation online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Access to social networking sites, instant messaging, chat rooms, and other communication sites not associated with the business or educational mission of Bartholomew Consolidated School Corporation is prohibited. Specifically, as required by the Children’s Internet Protection Act, the following uses of school-provided Internet access are not permitted:

- A. to access, upload, download, or distribute pornographic, obscene, or sexually explicit material;
- B. to transmit obscene, abusive, or sexually explicit language;
- C. to violate any local, State, or Federal statute;
- D. to vandalize, damage, or disable the property of another individual or organization;
- E. to access another individual’s materials, information, or files without permission;
- F. to violate copyright or otherwise use the intellectual property of another individual or organization without permission; and
- G. to engage in harassment or “cyberbullying” of another individual.

Penalties
Any violation of Corporation policy and rules may result in loss of Corporation-provided access to the Internet. Additional disciplinary action may be determined at the building level in keeping with existing procedures and practices regarding inappropriate language or behavior. When and where applicable, law enforcement agencies may be involved.

Disclaimer
The Bartholomew Consolidated School Corporation makes no warranties of any kind, neither expressed nor implied, for the Internet access it is providing. The Corporation will not be responsible for any damages users suffer, including-but not limited to-loss of data resulting from delays or interruptions in service. The Corporation will not be responsible for the accuracy, nature, or quality of information stored on Corporation diskettes, hard drives, or servers; nor for the accuracy, nature or quality of information gathered through Corporation-provided Internet access. The Corporation will not be responsible for personal property used to access Corporation computers or networks or for Corporation-provided Internet access. The Corporation will not be responsible for unauthorized financial obligations resulting from Corporation-provided access to the Internet.
Notification

Parents of students in the Bartholomew Consolidated School Corporation shall be provided with the following information:

A. The Bartholomew Consolidated School Corporation is pleased to offer its students access to the Internet. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This computer technology will help prepare our students for work in the 21st century by allowing students and staff to access and use resources from distant computers, communicate and collaborate with other individuals and groups around the world, and significantly expand their available information base. The Internet is a tool for life-long learning.

B. Families should be aware that some material accessible via the Internet may contain some items that are illegal, defamatory, inaccurate, or potentially offensive to some people. In addition, it is possible to purchase certain goods or services via the Internet which could result in unwanted financial obligations for which a student’s parent or guardian would be liable.

C. While the Corporation’s intent is to make Internet access available in order to further educational goals and objectives, students may find ways to access other materials as well. Even should the Corporation institute technical methods or systems to regulate students’ Internet access, those methods could not guarantee compliance with the Corporation’s acceptable use policy. That, notwithstanding, the Corporation believes that the benefits to students of access to the Internet exceed any disadvantages. Ultimately, however, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Towards that end, the Bartholomew Consolidated School Corporation makes the Corporation’s complete Internet policy and procedures available on request for review by all parents, guardians, and other members of the community, and provides parents and guardians the option of requesting for their minor children alternative activities not requiring Internet use.

NOTICE: This policy and all its provisions are subordinate to local, State, and Federal statutes.

FERPA

NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 year of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access.

   Parents or eligible students should submit the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent of reliable student believes are inaccurate.

   Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent of eligible student, the school will notify the parent or eligible student of the decision and advise them of
their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:
   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202-4605

DISCLOSURE OF STUDENT DIRECTORY INFORMATION
FERPA allows disclosure of appropriately designated “directory information” without written consent from a parent or eligible student. Directory information is information that generally is not considered harmful or an invasion of privacy if released. BCSC has designated the following information as directory information: Student's name, photograph, date of birth, dates of attendance, grade level, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors, and awards received, school-assigned email accounts and school attending.

BCSC shall limit the purpose of releasing directory information. BCSC can allow, within their discretion, release of directory information from your child’s education records only to BCSC school or community publications, media or organizations that report or produce articles or information regarding the following: school events; yearbook; graduation; senior projects; academic honor roll, awards, scholarships, achievements and accomplishments or other recognition lists; athletic, performing arts and other school club information, activities, and accomplishments. Directory information can also be released to a student’s health care provider/office.

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent. (Section 9528 of the Elementary and Secondary Education Act (20 U.S.C. § 7908) and 10 U.S.C. § 503(c)).

If you do not want BCSC to disclose any or all of the above listed directory information from a student’s education records without your prior written consent, you may opt out by notifying the principal (or appropriate school official) of the school the student is attending, in writing by August 31 of each school year, of the specific directory information that should not be disclosed.

AHERA
In accordance with the US EPA’s AHERA Standard (ref: 40 CFR 763.80), all information concerning asbestos-containing materials in the schools of the Bartholomew Consolidated School Corporation is available for review and copying by students, staff and guardians during normal business hours.

Welcome to the cafeterias of Bartholomew Consolidated School Corporation! It is a privilege for the food service staff to provide nutritious, high quality, satisfying meals to our customers. This flyer is designed to provide basic information about the lunch program. Questions regarding account balances or overall meal service can be directed to the cafeteria manager at your child’s school. A listing of cafeteria managers, their school location and phone number can be found on this flyer.

**DEBIT SYSTEM**

All cafeteria purchases are to be prepaid before meal service begins. BCSC Cafeterias utilize a pre-pay/debit system designed to process student purchases in an efficient, confidential manner, and to reduce the amount of cash on hand at each location. At the end of each school year, the account balance is transferred to the student’s account for the following year. Deposits may be made at the school cafeteria by cash, online using Visa or MasterCard at MySchoolBucks.com, or personal check made payable to the school cafeteria. Please indicate student name and or student ID# on the check.

**CHARGES**

Due to the nature of this pre-payment/debit program, charging school meals is discouraged. **Students may only charge 3 lunches.** Elementary students will be sent home written notices of any outstanding negative balances in the meal account at a minimum weekly till the balance is paid in full. Schools will provide an alternative meal of a complimentary peanut butter or sunflower butter sandwich, vegetable, fruit, and milk until charged lunches have been paid in full. If food service staff suspect that a student may be abusing this policy, written notice will be provided to the guardian that if he/she continues to abuse this policy, the privileges of an alternative meal will be refused. If a student repeatedly comes to school with no lunch and no money, the food service staff must report this to the principal. All accounts must be settled prior to the end of the school year. Negative balances of more than $25.00 not paid in full in the 15 days prior to the end of the school year will force the Corporation to take action to collect unpaid funds by means of collection agencies, small claims courts, or any legal method deemed necessary. Students who graduate or withdraw from the corporation and have $5.00 or more left in their lunch/meal food service account will be notified by food services by the last day of school and given the option to transfer the funds to another student or to receive a refund. If no response is received within 90 days the student’s lunch /meal account will close and the funds will no longer be available.

**MEAL ASSISTANCE**

Meal assistance is available to all BCSC students that meet income qualifications. An application for meal assistance is given to each student at the start of each school year. Students are considered paid students and will be charged full price meals until the meal assistance applications has been processed and approved. Due to the large number of students attending BCSC schools, it may be a few weeks before all applications are processed. It is recommended each student start the school year with two weeks' worth of lunch money in their account to avoid charges and to allow time for applications to be processed. Meal assistance forms are effective for one school year. Families must reapply each school year for meal/textbook assistance.

A free/reduced meal assistance form must be on file with the food service department, processed, and approved before free/reduced lunch prices take effect.

Students approved for meal assistance of free or reduced priced meals of $0.40/day will utilize their lunch account in the same manner as paid students; thereby keeping meal eligibility status confidential.

**VEGETARIAN OPTIONS**

BCSC Food Service has a variety (21 entrees) of vegetarian entrée options to choose from, in addition to the wide variety of fruits, vegetables, and salads served daily. Your student may request a vegetarian option by notifying the café by 9am for lunch service that day. Vegetarian options available may be viewed on the Food Service Department Tab on the BCSC home web page or you may contact the school café for a list of entrees.
