Notes From the Office

Picture Retakes

Picture retakes will be on Wednesday, October 27. If you did not like the picture that was taken in September, please bring those pictures back on October 27 and your student can have their picture taken again. If your student was absent or is new to Parkside, they may have their picture taken on the 27th. Visit https://inter-state.com/FlyerEntry and enter code 61811NA to order pictures for new students or those who did not order them the first time.

Change in Dismissal

If your child is not going home their regular way after school, please send a note to your child’s teacher in the morning with your student. You can also use the Remind app or Class Dojo if your child’s teacher uses those resources. Teachers are the ones who get your child to the correct place in the afternoon.

Attendance

Being at school every minute of every day is important. If your child is sick with fever, vomiting, diarrhea, sore throat, or a cough, please contact the office by 8:30 to let us know they won’t be at school. We will ask for their name, the teacher’s name, and their symptoms. If your child has 2 or more covid symptoms, we will have you speak to the school nurse.

If your child has an appointment that is after 9:00, they should come to school in the morning before the appointment. Your child can be picked up in the office and then taken to the appointment. We ask that each time your child is away from school for an appointment that you get a note from the office where the child was seen. This is for the doctor, hospital, dentist, orthodontist, counselor, health dept, or any other office. After the appointment, the child needs to return to school. The only reason a child should not return to school is if there is less than 30 minutes left of the school day. We take attendance seriously and a child will be marked unexcused for the afternoon if they have a morning appointment and do not return to school after the appointment. Also, if a child has an appt in the afternoon and is not in class in the morning, the morning will be unexcused.

Odyssey of the Mind is the ultimate creative problem-solving program that puts your curriculum into action. OM students work together in a fun and safe environment to apply what they’ve learned in class, combined with their interests and passions, to creatively solve our unique open-ended problems. Along with important STEM skills, students learn teamwork, budgeting, goal-setting, public speaking, and so much more. Not only do they build on what they’ve learned in the classroom, they become confident in their abilities, make new friends, and learn to express their natural creativity. Odyssey of the Mind is designed to help students at all learning levels grow as individuals, grow as a team, and reach their full potential.
