

Alliance for Substance Abuse Progress

Project Prevent Funding Opportunity

Any Bartholomew County senior who is interested in developing a senior project that addresses substance abuse prevention may be eligible for funding assistance from Project Prevent funds at the Heritage Fund – The Community Foundation of Bartholomew County.

Project Prevent is funded through the generous donation of Mark and Wendy Elwood who set up a substance abuse prevention fund to keep students from developing addiction.

If your senior project helps prevent substance misuse in any way, through presentations, art work, theatre, etc. and you need financial assistance to complete your project, you are strongly encouraged to do the following:

1. Work through your school proposal review process to get your proposal approved by school authorities.
2. Write a summary of your project, providing as much detail as necessary for others to understand your intent. Include a budget for how much money you need and how you will be spending that amount. Be sure to include your name and how to contact you. Most awards are expected to be fairly modest.
3. Send your summary and budget to:
 - a. healthycommunities@crh.org
4. If approved by the Project Prevent committee, you will be notified.
5. Funds in the amount approved will be transferred to the Bartholomew Consolidated School Corporation Foundation (BCSCF).
6. BCSCF will provide the funds to your school's bookstore where you can make arrangements to pick it up.

Send any questions you might have to healthycommunities@crh.org.

Good luck! We would love to see many, many funded projects this year.
