

## 2022-23 BCSC Website Reporting for Dyslexia

State Guidance as of 9/22/2022:

*Each school corporation or charter school must report dyslexia related information on their public website no later than July 15 each year. The information must include (but does not have to be limited to):*

- *The dyslexia intervention program(s) used during the previous school year to support students with dyslexia.*
- *The number of students who received dyslexia intervention during the previous school year. This indicator represents the number of students who were identified as “at risk” or “at some risk” for dyslexia during the previous school year and who received the appropriate interventions. It does not represent the number of students who were officially diagnosed with dyslexia.*
- *The number of students identified with dyslexia during the previous school year. This indicator represents the number of students who were officially diagnosed with dyslexia and may differ from the number of students who received dyslexia intervention under the guidelines within this document.*
