Columbus East Business teacher **Bob Hartman** collaborated with his fellow C⁴ Radio and Television teacher **Jim Roeder** to ensure his Business Management students submitted quality video for this year’s Maverick Challenge. Mr. Hartman stressed what a perfect merger the Maverick Challenge provided for these classes to work together. Business Management students were given multiple opportunities to practice their business pitches in the classroom, working on professional presentation before going to East’s TV studio to make a final cut of a video for submission. This year’s pitches included many great ideas, including Therma Hot (a Bluetooth food thermometer), Sky Hooks (trampoline boxing), and Wrapped Up In Memories (t-shirt blankets), to name a few. Stay tuned for the results in a future issue!

Congratulations to our Columbus FFA Chapter for placing 8th in the State Livestock Skill-a-thon!

Skill-a-thons provide great opportunities for students to showcase talent and knowledge over specific disciplines. **Corey Lekens (CSA, 11th), Josie Burbrink (East, 12th) Grace Burbrink (East, 10th), Neil Smith (East, 10th – event helper), and Lauren Ulrich (East, 11th)** (L to R), participated in the State Livestock Skill-a-thon. Their identification challenges included meat source and quality, livestock breeds, hay and wool quality, and feed samples. Students were also tasked with team collaboration to solve a quality assurance scenario. Individually, they answered 50 quiz questions revolving around the livestock industry and quality assurance.

Great Job, Team!!
