### **Route Determination:**

The bus driver has the sole authority for determining the route to be taken for all trips. The driver may take suggestions from the sponsor or other persons as to the best route, but retains the responsibility for the final decision for the most appropriate route. When multiple buses are used on a trip, the route will be coordinated among all of the drivers and all buses will travel together as a group after departing the school. Common courtesy is to stay in line. All drivers must be familiar with the route prior to departing.

1. Bus has enough fuel for the trip
2. Bus is completely fueled after the trip
3. Interior is swept out
4. Any spills are cleaned
5. Any dirt cleaned off of seats
6. All trash removed

If the regular driver or other personnel report that the above items are not being completed or are being neglected on a continual basis after field trips; will result in disciplinary action.

### Cancelled or Shortened Trips:

If the driver has been notified beforehand of a trip cancellation, the trip is not counted. Should the driver be notified of the cancellation after arriving at the pick-up location, the driver would receive the compensation of one (1) minimum trip. In the event a trip should be cancelled after a driver has attempted to be prompt, the driver will be compensated one half (1/2) minimum trip.

### Athletic / Music Trips

**All rules are the same for Athletics as stated above unless otherwise documented below**

1. Requests are to be entered into the field trip software (Trip Tracker) two weeks prior to trip leaving.
2. Once a trip is approved changes or rescheduling trips are made through the Transportation Office.
3. Arrangements are to be made for trips to leave after 4:30 p.m. Any earlier time cannot be guaranteed and will need approval by the Transportation Office.
